## PowerSchool

Parents can now access student information using a computer. Grades, assignments, teacher comments, school bulletins and student fee balance information can be accessed by the parent/guardian through the website:

[www.portalesschools.com](http://www.portalesschools.com)

Through the mail, parents receive confidential ID information and a password for each child they have in school. This information is sent out by the Technology Department. Once you have this information you can log on to the website and be up to date on your student's work. Passwords and usernames may also be obtained from the PJHS office.

It is important that all parents/guardians be involved with their child's education. The district feels this type of access to your child's education can and will make a difference in their future.

## Laptops

Portales Junior High has been awarded the New Mexico Laptop Learning Initiative grant. This grant gives PJHS the opportunity to issue laptops to our students.

While a student is enrolled in the Portales District, they may be issued a laptop and carrying case. Both must be returned at the end of the school year. In order to be issued a computer to take home, parents and students must attend an Orientation Meeting. If a student moves from the district, the laptop and case must be returned to the Portales Schools.

## Planner

The yearly planner is the student's pass from class. Each student must have his/her planner any time they are in the halls. The planner is also the teachers' and parents' mode of communication. Teachers and parents can send messages to each other through the daily planner. It is also a daily log for student assignments.

## Tutoring

Portales Junior High is able to offer tutoring/mentoring sessions before school and after school to help students succeed in academics. Teachers will spend time with students on subjects that they are having difficulty mastering. Anyone who needs help can attend the tutoring sessions.

## Closed Campus

Portales Junior High is a closed campus which means students are not allowed to leave campus during school hours without the parents/guardians signing the student out. To leave the campus at any time during school hours, a parent/guardian is required to sign the check out and check in sheet at the PJHS front office.
